

Dear Education and Child Care Providers,

Thank you, so much, for your interest in utilizing Gardner Camp for your 2022 Field Trip.

Our mission at Gardner Camp is to offer extraordinary outdoor education and for each event to be a WOW experience for all involved. We recently hired Jen Tyler as the new Director of Gardner Camp. Our Executive Committee, together with Jen, have made the difficult decision to put a hold on Field Trip and Summer Camp Activities for the 2022 season. This will allow Jen to familiarize herself with Gardner Camp and work on how best to build on and create new programs that will provide the quality of education our Advisory Board, Trust Committee and Staff will be proud of for many years to come.

Please keep us in mind as you plan educational events to enhance your curriculum or add outdoor activities to your offerings for the next season. We are excited to be working on a new Outdoor Classroom structure that will tie in with our new fishing pond, provide dock space for fishing, dip netting and learning, as well. The project should be completed in 2023. We are always working on program and camp development to help us provide you with the best (and most fun!) outdoor educational opportunities.

We invite you to reach out to Jen to introduce yourself and discuss future educational opportunities. You may reach her by Email: Jen@GardnerCamp.org or Phone : 217/432-1999.

Best Wishes,

Lisa
